

SPECTACLED EIDER SURVEY

North Central Bering Sea

Flight path & SPEI obs., 26 March 1996

Flight Path
3/26/96

approx. southern extent of sea ice, 3/27

St. Matthew Is.

KM

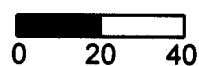

Figure 2. Recorded flight path and locations of spectacled eider flocks from an aerial survey conducted in the Bering Sea, 26 March 1996.

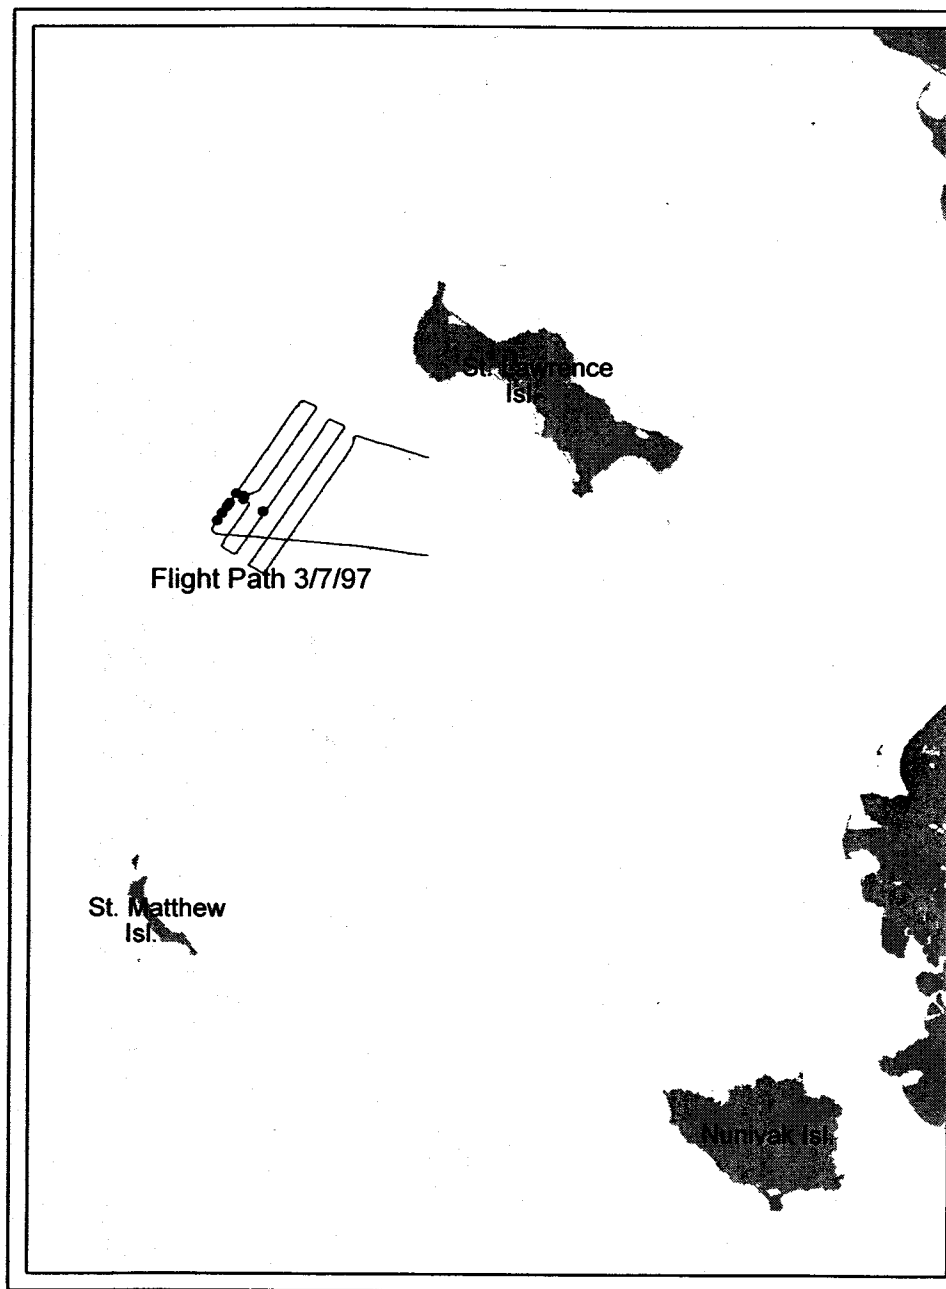

Figure 3. Flight path from an aerial survey in the Bering sea on 7 March 1997, with locations of spectacled eider flocks observed.

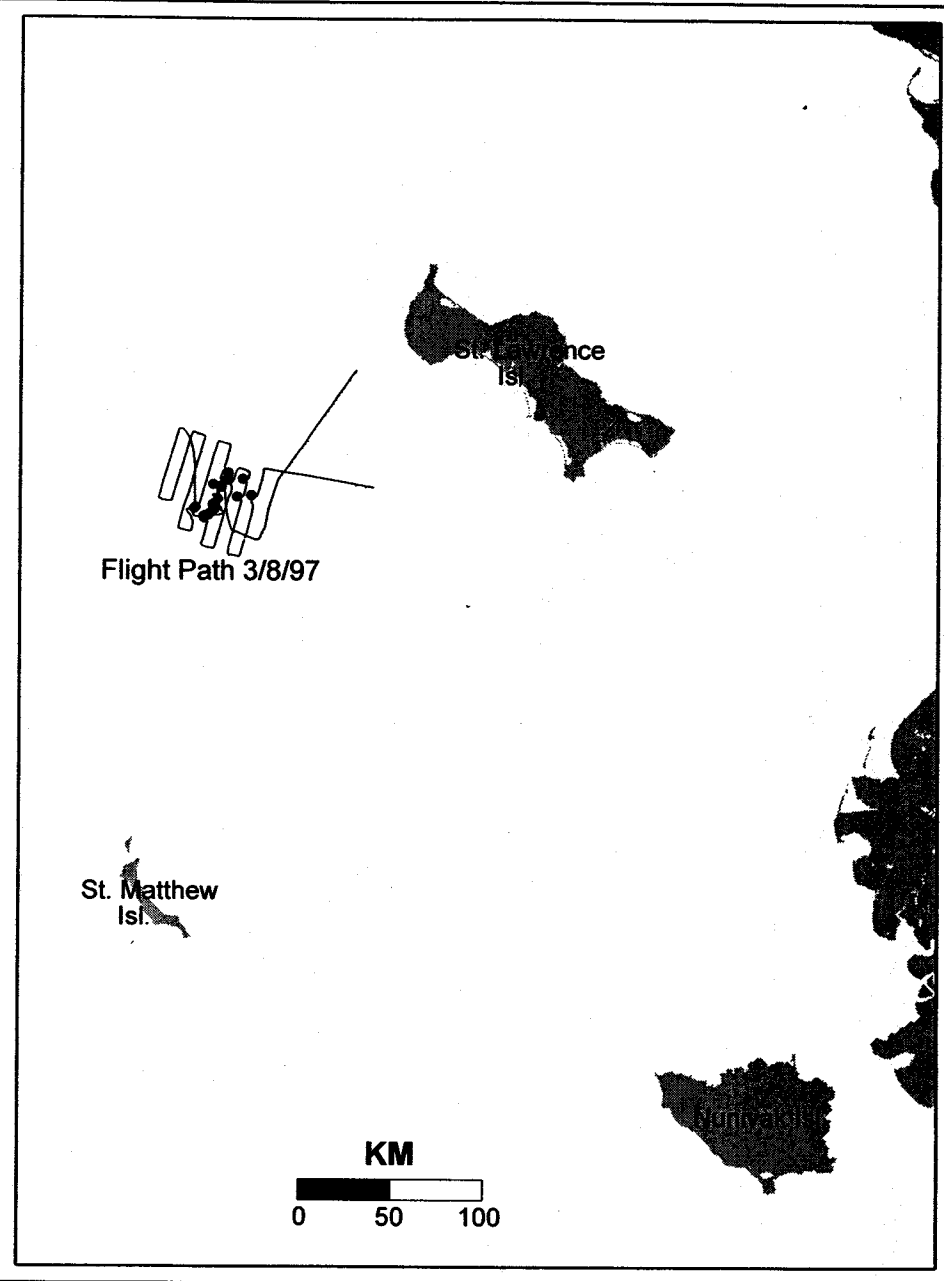

Figure 4. Flight path from an aerial survey in the Bering Sea on 8 March 1997, with locations of spectacled eider flocks observed.

SPECTACLED EIDER SURVEYS

North Central Bering Sea

Late Winter 1995-97

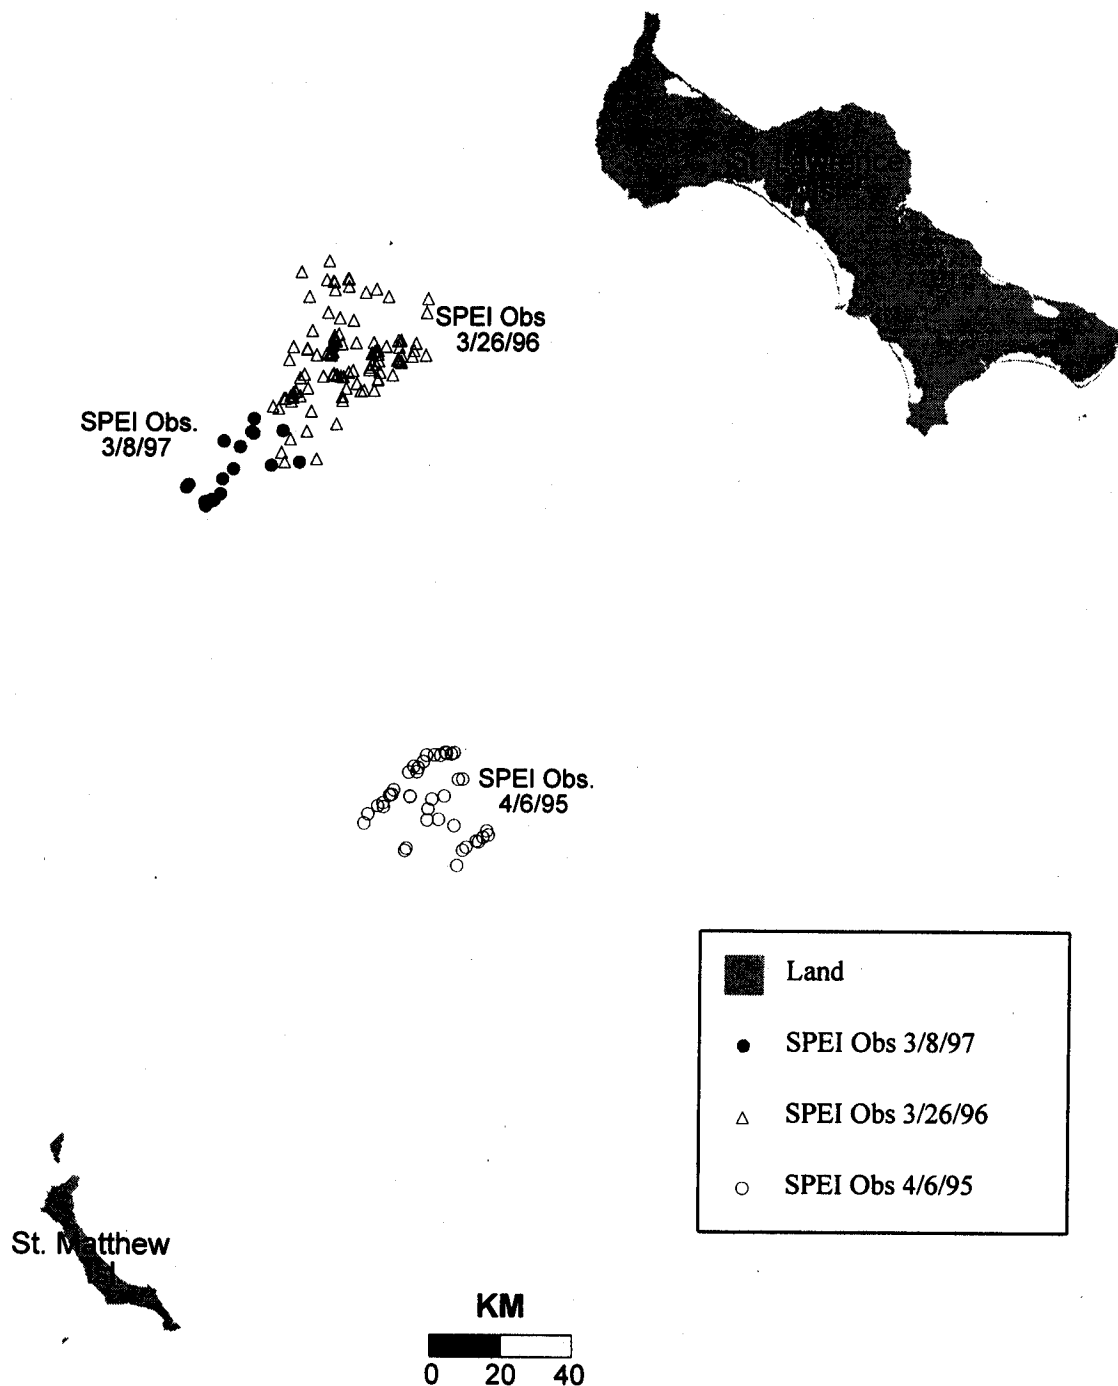

Figure 5. Locations of spectacled eider flocks observed during an aerial survey in the Bering Sea, 8 March 1997, showing spatial relationships to flock locations from earlier surveys.

APPENDIX 1. Common and Scientific names of species mentioned in the text and tables.

Common Name	Scientific Name
Glaucous gull	<i>Larus hyperboreus</i>
Common murre	<i>Uria aalge</i>
Oldsquaw	<i>Clangula hyemalis</i>
Spectacled eider	<i>Somateria fischeri</i>
Common eider	<i>Somateria mollissima</i>
King eider	<i>Somateria spectabilis</i>
